SUMMARY

DevOps Engineer with 3+ years of hands-on experience designing, automating, and maintaining cloud infrastructure and CI/CD pipelines across AWS and Azure. Strong expertise in Infrastructure as Code, containerization, configuration management, and monitoring, with a focus on building secure, scalable, and highly available systems while improving deployment reliability and performance through DevOps best practices.

SKILL

Tools & Technology: AWS, PCF, Docker, Kubernetes, Terraform, Helm, ArgoCD, Ansible, RabbitMQ, and Zookeeper.

Scripting: Shell Script, Python.

CI/CD: GitLab, Jenkins, GitHub Actions.

Monitoring: Splunk, DX-APM, API Metrics. AWS Cloud Watch

WORK EXPERIENCE

DevOps Engineer | Infosys

2022 - PRESENT

- Deployed a microservices-based application on the OpenShift Container Platform to ensure high availability and scalability.
- Optimized deployments using Kubernetes autoscaling and best practices in cloud-native architecture.
- Leveraged and deployed a microservice-based application in PCF, ensuring scalability and efficient resource utilization.
- Adroit in software containerization platforms like Docker & container orchestration tools like Kubernetes.
- Managed AWS infrastructure, including EC2 instances, IAM, VPC, and S3 storage, ensuring high availability and security.
- Automated end-to-end infrastructure deployment using Terraform plan/apply integrated with GitHub Actions/GitLab CI, including manual approval for production deployments.
- Implemented IAM roles and least-privilege policies via Terraform for EC2, EKS, CI/CD pipelines, and cross-account access.
- Designed and implemented Infrastructure as Code (IaC) using Terraform to provision AWS resources, including VPC, EC2, ALB, ASG, RDS, IAM, S3, Route53, and CloudWatch.
- Automated configuration management and application deployment using Ansible playbooks across AWS EC2 instances.

CERTIFICATIONS

- GitHub Actions.
- Infosys Certified Kubernetes Administrator
- Infosys Certified Associate in Ansible Automation.

EDUCATION

PAAVAI ENGINEERING COLLEGE

Bachelor of Technology – Information Technology.

2018-2022
